# The Cat and the Dragon

Evie Venable

Then, just as the Princess thought all hope was lost, a savior appeared. A dashing young ginger tom, he came bounding over the hills at a tremendous speed. Then, he approached the dragon, and proclaimed in a mighty voice "Behold! I am Prince Whiskers! I have come to rescue you from this foul beast, my lady."

Then, all of a sudden, the "foul beast" drew back with a somber face. He explained to the Princess that he had not intended to harm her, he had only wanted to play with her! Vesper laughed, and they were soon involved in a fierce game of fetch that lasted for hours. When it ended, they all sat down for supper together.

Then, they sat and watched the sun slowly slip below the horizon. And they all lived happily ever after.

Once upon a time, there lived a beautiful cat princess named Vesper. She was midnight black with white patches and had sparkling golden eyes. She lived in a magnificent palace in the countryside.

One day, a horrible dragon named Bobo attacked the castle!!! Fierce and brave he was, with a glittering crown on his head.

# Video Game Review: Splatoon 2

Anna Claire Yother

Splatoon 2 is a great multiplayer game. In Splatoon 2, you're a half squid half kid that shoots ink out of a gun or a different type of tool you play with by covering as much of the map as you can with your ink (the stuff that comes out of the tool you use).

In Splatoon 2 you can play with your friends and sometimes there are tournaments (king square cups) you can join but you have to be a certain age in the US because you win prizes. In Splatoon 2 there's also a story mode where you play as agent 4 to try to defeat the Octolings. There is also a DLC where you play as an Octoling (agent 8) to try to save Inkopolis.

There is a Splatoon 3 coming out soon! September 2022.

# The Wackiest Team Names in Sports

John Frank Yother

**Montgomery Biscuits-** AA baseball team in Montgomery

**Hamilton Tiger-Cats-** Canadian league football team in Ontario, CA. Name seems a bit redundant

**Binghampton Rumble Ponies-** another AA baseball team, this one in New York

**University of California Santa Cruz Banana Slugs-** this name surely puts fear into all of the slugs' opponents

**Campbell University Fighting Camels-** College in North Carolina

**Jacksonville Jumbo Shrimp-** AA baseball is the gift that keeps on giving. This team is in Florida.

**Thailand Tobacco Monopoly Football Club-** soccer team in Bangkok, Thailand that began as a local company's employee soccer team.

**Scottsdale Community College Fighting Artichokes-** from Scottsdale, AZ. Angry vegetables.

**Akron Rubberducks-** who would guess that this is a AA baseball team from Akron, Ohio?

**Richmond Flying Squirrels-** you get one guess if this is a AA baseball team from Richmond, VA. If your answer was 'yes', congratulations.

**Rocket City Trash Pandas-** not to be outdone by their in-state rivals, the Biscuits, this AA baseball team from Madison, AL took its mascot from the local nickname for raccoons.

# ANIMAL SPOTLIGHT

The Bald eagle is a bird of prey found in North America.

They are not found on any other continent.

Their wingspan is 7 ft wide.

Bald eagles found in Alaska are bigger than others.

Bald eagles increase in size the further from the equator they live.

They eat fish, chicken, geese & lamb.

It is illegal to kill Bald Eagles.

The Alabama Wildlife Center at Oak Mountain State Park has scheduled bald eagle feedings that the public can view. It's a great experience.
