Board Game Spotlight

LOTR Journeys in Middle-Earth

Number of Players: 1-5

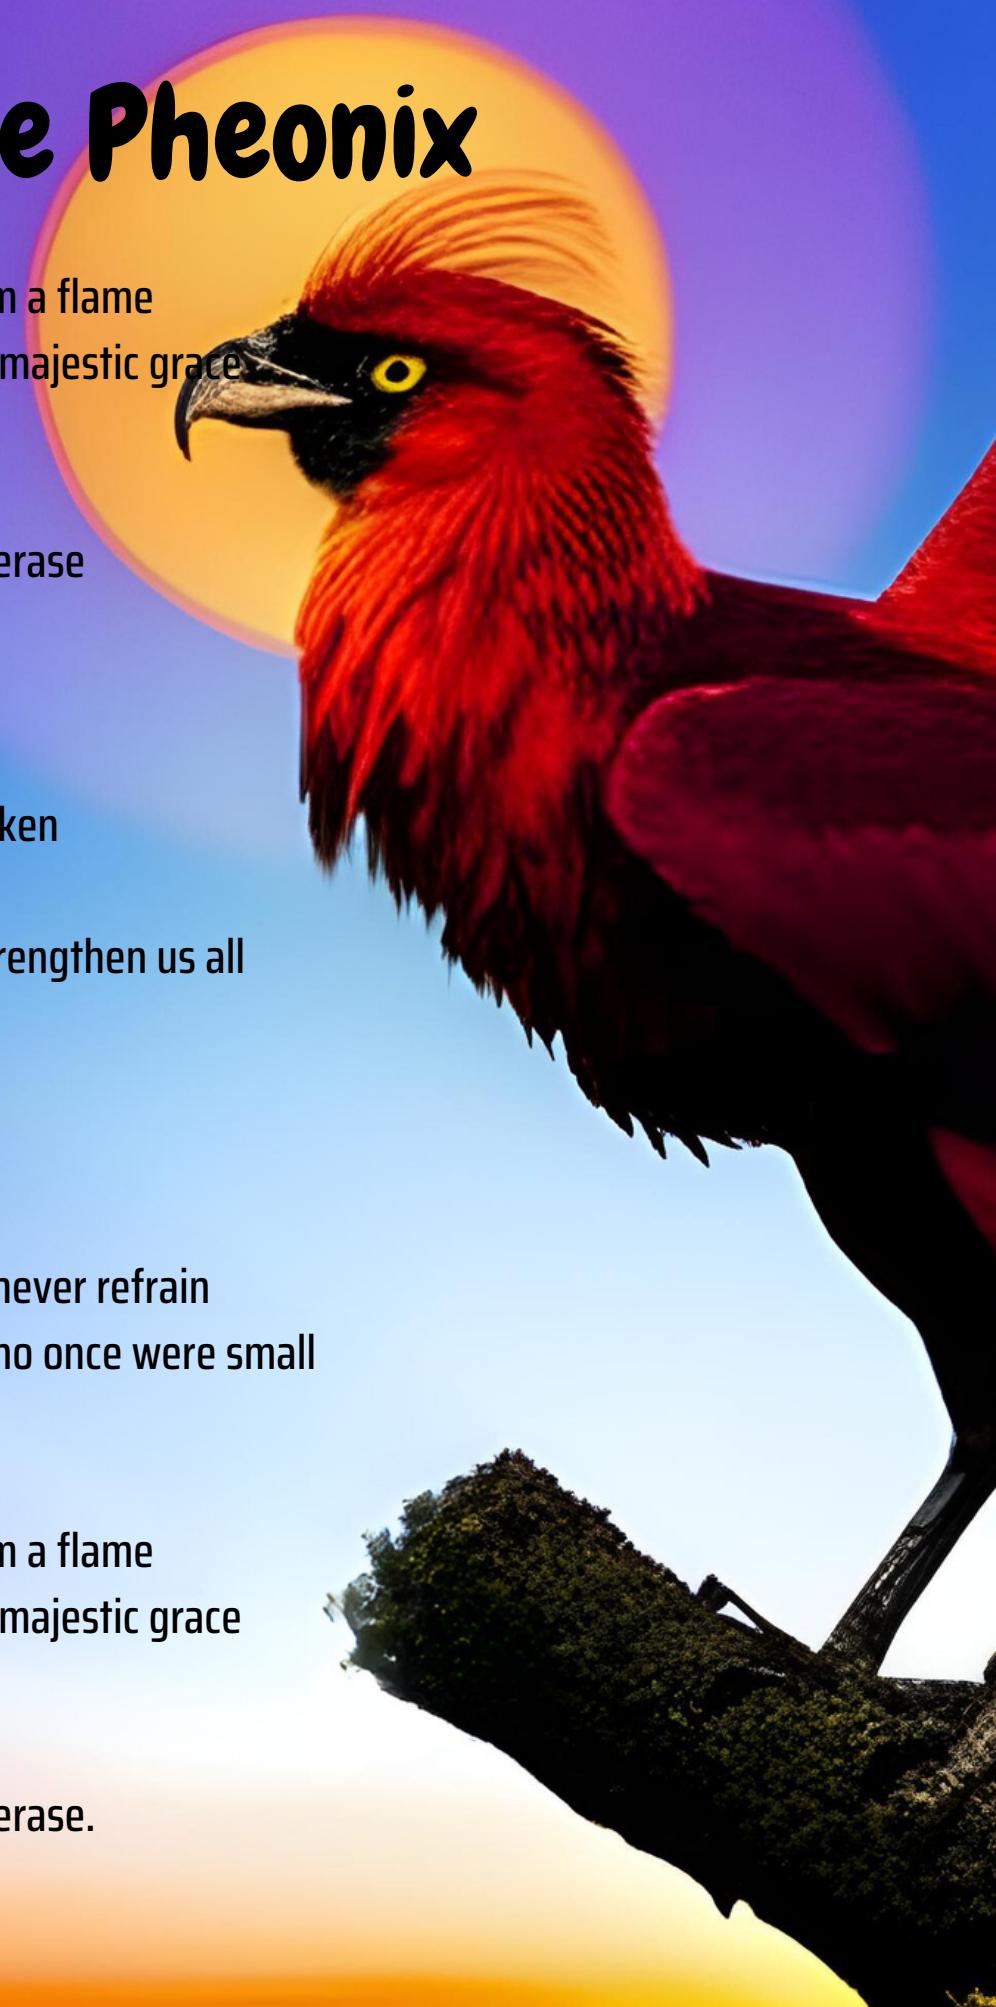

Wacky Fun Rating: 9/10

Replayability: 6/10

Genre: Exploration, Strategy, Miniature Battling

Summary of Gameplay: Whether playing alone, or playing with friends, This is a well-crafted masterpiece in the board game world. You are a Lord of the Rings character following a campaign of adventures and war in Middle-Earth. It has replayability because of the way that the app generates the encounters, but it still keeps the same storyline.

The Pheonix

A Phoenix is a bird born from a flame
It rises from the ashes with majestic grace
So beginning the circle
That defies nature
A feat that no one can ever erase

Its tears bring healing
Its song; peace
And though the world is broken
It will never cease
To lighten our hearts and strengthen us all
Oh the wonder of this call!

Its flames bring death
Its talons; pain
And despite its song, it will never refrain
From tearing down those who once were small
Oh the power of this fall!

A Pheonix is a bird born from a flame
It rises from the ashes with majestic grace
So beginning the circle
That defies nature
A feat that no one can ever erase.

Book Review: Fatal Fever

Author: Gail Jarrow

Publisher: Boyds Mills Press

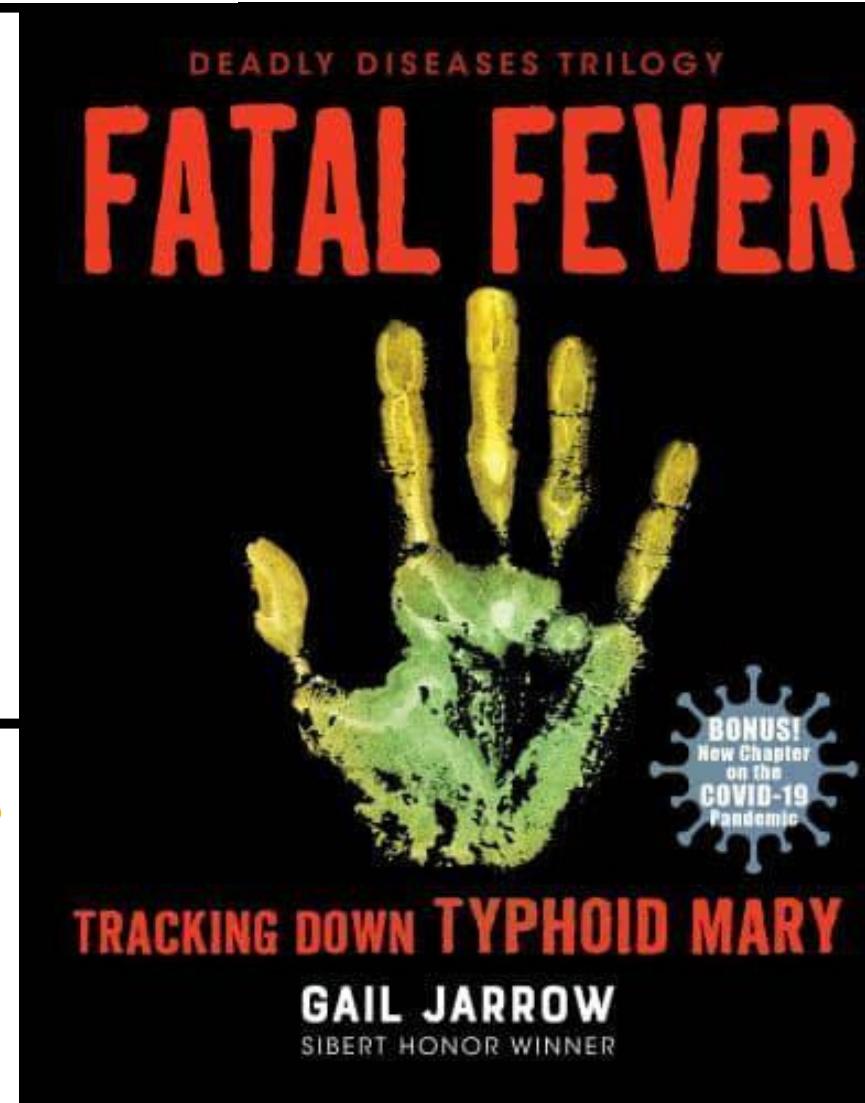

Grades: 6th and up

Pages: 192

Genre: Nonfiction

5 Stars

Fatal Fever deserves five stars more than any other book I have read. In fact, I think I would give all of Jarrow's books a 5/5. She expertly crafts her books, and makes nonfiction feel like fiction with cliffhangers at every turn. Fatal Fever is about Typhoid Mary, but in the second edition, it has a bonus section about the COVID-19 pandemic. I recommend reading all of Jarrow's books, especially if you love history.

Video Game Review: The Legend of Zelda: TOTK

With the sequel to Breath of the Wild, Nintendo kept their fan base with things such as keeping the same map, the same moves, and the same items. However, they still made it brand new by editing the world to fit the story, adding new sky and underground maps, and adding new items and abilities. I give this game a 10/10. The ESRB rates it E10+.
